Table of contents

<u>Section One</u>	Market dashboard	1
<u>Section Two</u>	Net lot sales per survey	2
	Annualised net lot sales	2
	Median lot price per survey	3
	Median lot price per survey	3
	Annual price movement per survey	3
	Stock overhang per survey	4
	Estimated months of trading per survey	4
	Median lot size per survey	5
	Median \$ per sqm per survey	5
	Number of projects per survey	6
	Average net lot sales per project	6
<u>Section Three</u>	Cancellations per survey	7
	Cancellation rate	7
	Lots released per survey	8
	Net sales as percent of releases	8
	Average sales per project type	9
	Count of projects by project type	9
	Distribution of sales by price (current survey)	10
	Distribution of sales by area (current survey)	11
	Distribution of sales by area (12 months)	12
	Front by depth product performance	13
<u>Section Four</u>	Project performance summary (current survey)	14
	Project performance matrix (current survey)	15
	Project performance by lot size (sqm) - number	16
	Project performance by lot size (sqm) - percent	17
	Project performance by price group - number	18
	Project performance by price group - percent	20
<u>Section Five</u>	Project time series performance reports	22

Section One contains key performance metrics from the wider report.

Section Two contains time series information pertaining to headline indicators of market performance.

Section Three contains time series information for indicators of market performance and distributions of current sales by product types.

Section Four contains project (competitor) specific information for the current survey.

Section Five summaries the performance of active projects based on previous 12 months of data.
